GERMANS CURE RICKETS BY FEEDING THROUGH SKIN

(By Universal Service)
BERLIN, April 4.—Taking nourishment through the skin as well as the mouth is the latest treatment German doctors are advancing for the cure of rickets.

A salve containing extracts from the glands of human beings has been found by government clinic here to be a successful cure as well as prevention of the disease whose victims increased five-fold during the starvation years immediately following the war.

The purpose of the gland extract salve is to speed up the assimilative process and supply the chemicals which the weakened system is not able to absorb through the digestive channels.

Forcing the skin to "eat" is the best way to provide the child with concentrated nourishment according to the new theory.

Placing tubercular and rickety children under high power electric lights their only garment a pair of enormous blue spectacles, is another modern treatment advocated by the clinic.

Salinas Coast Valleys Gas and Electric company to build substation and improve gas plant.

Los Angeles—Jas. B. Duffy, general passenger agent of Santa Fe railroad, announces indications point to tremendously heavy summer travel to California and other coast points.

AURORA BOREALIS AND LILIFETCHE HAIRCUTS MAKE EVEN BLASE PARIS BOULEVARDIERS RUB THEIR EYES

The Vanniowonhove sisters of Belgium astonished the city of many fashions and vagues with their novel coiffures, or rather haircuts. The sister with her hair done in Aurora

Borealis style is at the left and the other Mlle Vanniowonhove is showing Parisians just what the Lilifetche looks like. These coiffures boast the advantage of needing no hat to hold them in place.

Atlantis Continent Cities Buried in Ocean's Bottom

(By BASIL WOON Universal Service Staff Correspondent)

PARIS, March 27.—A remarkable theory regarding the location of the ancient continent of Atlantis is proffered in the magazine Science et la Vie by Professor Alphonse Berget of the Oceanograph Institute.

According to Berget the actual limits of Atlantis can be traced. Starting from Mauritania, on the Ivory Coast, the boundaries can be traced, he says, by oceanographic soundings.

Berget thinks that Atlantis included the Azores, the Canaries and Madeira, but not Cape Vert—which, however, was part of the strip of earth which in prehistoric times—probably before the age of man—connected Europe and Africa with America, joining the new continent somewhere in the neighborhood of

the Antilles.

Atlantis was also part of this continent, he thinks. Thousands of years ago there were but three oceans—the Pacific, the North and the South. The Northern ocean went from Atlantis to the North Pole and the Southern Ocean southward to the South Pole.

If there was life on earth when the continents were joined, Professor Berget thinks that this central trip probably contained it.

What is regarded as certain by scientists who have studied the question, in that Atlantis itself was the seat of the first known civilization.

Could the depths of the ocean be explored, it is believed that ruins of cities, of temples, might be uncovered.

The fact that such discoveries have not been made to any degree on the Azores, Madeira or the Canary Islands does not bother the theorists, who explain this by saying that in the days of Atlantis these islands were probably the tops of volcanoes.

"High Life" on Mt. Everest

(By Universal Service)

LONDON, March 26.—A small spider that lives over 27,000 feet above the sea—the highest altitude at which any life is known to exist—was referred to by Major R. W. G. Hingston, Naturalist to the Mount Everest Expedition of 1924, in a lecture to the Royal Geographical Society.

"As there is no vegetation at this altitude, and no other living creatures, the spiders in order to live eat each other. They live in islands of broken rock surrounded by snow and ice.

"We found grasshoppers at 18,000 feet, nearest the furthest limit of vegetable growth," said Major Hingston. "We frequently saw the magnificent lammergeyer (a species of vulture) soaring round the mountain at 20,000 feet. We found bees, moths and butterflies at 21,000 feet, spiders at 22,000 feet and choughs at the immense height of 27,000 feet.

"We found traces of a permanent animal existence far above the Himalayan snow-line and 4,000 feet above the last vegetable growth." These were the small spiders above referred to.

Major Hingston described the terrific wind that sweeps across the mountain at these high altitudes, and said that the mammals were protected by thicker coats of hair than the animals of the plain. There were herds of goats with hair hanging down like kilts round their legs. At 12,000 feet up there were pigs covered with a thick rusty-colored hair.

9,000 MILES TO WORK IS HABIT OF BRITISHER

(By Universal Service)

LONDON, April 4.—To travel regularly 9,000 miles to your job and 9,000 miles home again should be a record.

Gabriel Aarons, of Buckinghamgate, does this regularly. Each spring he leaves home, goes to Southampton, from there to New York, catches a train to San Francisco, changes to a ship, which carries him to Seattle, changes to another boat, which sails for Seward, Alaska, joins a train and travels 500 miles to the terminus—Fairfield, Alaska—and is then within 30 miles of the gold-dredging plant which he runs for a British company.

He carries on until the autumn, and then comes home to London. Aarons, who is over 70 years of age, has been doing this for 13 years. His annual six months around the Arctic Circle seems to suit him, for he looks much younger than his years and is as active as a man in his forties.

A blouse that fits, wears and pleases the young man, neat patterns, all ages, 6 to 14.

CAPS \$1.50

A regular He-Man Cap for the Boy, just right, light colored, Polo clothes, all sizes.

Twilight League Announces Games Scheduled Here

The schedule of the Richmond City Twilight Baseball League for the 1925 season was drawn up last night at a meeting held in the office of W. W. Seawright, secretary, in the Roosevelt school. President Clare Horner, was in charge of the evening.

To fill the vacancy left by the Fire department team in drawing out of the league, Carl Blum has volunteered to back a team, which will be known as the Richmond Radios.

The first game of the season, is to be played Friday, April 10, at the First street park. It is expected that a genuine jazz band will be on hand for the occasion, and to make everything look proper, it is hoped that the city officials may be availed unto to toss the first balls. The game will be between Schneider Tailors and the El Cerrito Merchants.

All members of the teams are busy selling dance tickets to raise funds for the purchase of the necessary outfits and baseball goods. The "pop" is to be taken in Richmond clubhouse on April 17, with Dennis Shaw's orchestra furnishing the music. The dance is also for the purpose of raising funds for the hiring of a professional umpire.

The W. S. McRacken team will travel to Crockett to meet the first team of that city Sunday. Manager Snowden told the local aggregation says that all the boys are in excellent trim for a good battle. This is their first real game this season, so it is doubtful as to the outcome, but great confidence is expressed by the officials and the players of the club, that said outcome will be quite favorable for Richmond. Murray and Muth will be the battery on Sunday, and figuring from the teamwork these two have already shown in practice they need be little worry about their end of the affair.

Following is the full schedule for the city league for 1925:

April 10—Schneider Tailors vs. El Cerrito Merchants.

April 11—Richards Radios vs. Santa Fe.

April 17—Mercantile Trust vs. W. S. McRacken's.

April 20—El Cerrito vs. Richards Radios.

April 21—W. S. McRacken's vs. Schneider Tailors.

April 24—Santa Fe vs. Mercantile Trust.

April 27—W. S. McRacken's vs. El Cerrito Merchants.

April 28—Schneider Tailors vs. Santa Fe.

May 1—Mercantile Trust vs. Richards Radios.

May 4—Santa Fe vs. El Cerrito Merchants.

May 5—Mercantile Trust vs. Schneider Tailors.

May 8—Richards Radios vs. W. S. McRacken's.

May 11—El Cerrito Merchants vs. Mercantile Trust.

May 12—Schneider Tailors vs. Richards Radios.

May 15—W. S. McRacken's vs. Santa Fe.

May 18—Santa Fe vs. Richards Radios.

May 19—W. S. McRacken vs. Mercantile Trust.

May 22—El Cerrito Merchants vs. Schneider Tailors.

May 25—Mercantile Trust vs. Santa Fe.

May 28—Schneider Tailors vs. W. S. McRacken.

May 29—Richards Radios vs. El Cerrito Merchants.

June 1—Santa Fe vs. Schneider

German Preacher "Libels" Beer Saloon Proprietors

(By Universal Service)

BERLIN, April 4.—"He was a nice man, but he drank himself to death" was the gist of a funeral oration delivered by the tee-totaler Pastor Lindemeyer which has divided the village of Staaken into warring clans brought on two libel suits and generally upset the theory that honesty is the best policy.

Pastor Lindemeyer, although a strong prohibitionist, was invited to officiate at the interment of Herr Hans Domrose, leading beer hall proprietor of Staaken and popular good fellow. The pastor decided it would be a fine occasion to point out the evil work of the Demon Rum.

In fact, he considered it his duty to speak the truth and nothing but the truth as he saw it. So he announced his belief that the genial Domrose had succumbed to alcoholic poisoning instead of blood poisoning as his friends insisted.

But the strange oration did not stop with that. Turning around the prohibitionist said in a sinister voice:

"And there are others here who

not only are getting ready for the same fate, but actually tempting weaker beings to their death."

At that the local Beer Hall Keeper's Verein rose in a body, and left the church.

Next day the trade journal, the "Beer Hall Gazette" ran a long editorial on "shameless prohibitionists" and "swinish tee-totalers."

Pastor Lindemeyer sued the Verein for libel and his feelings were soothed with \$100 recompense.

Everything would have been amicably settled if the pastor had not published an open letter stating that he had not said that Herr Domrose drank any more than his calling demanded, what with settling everybody up several times during the day and night—and that all beer hall proprietors were just the same.

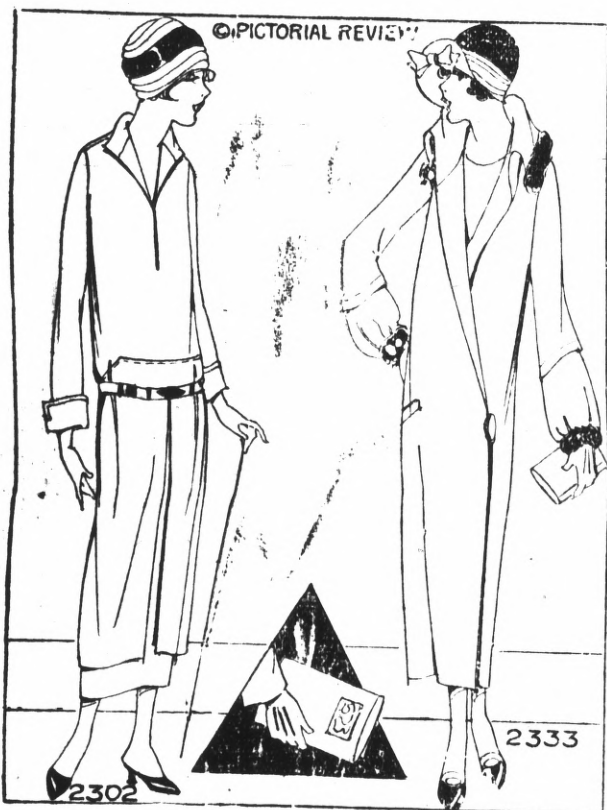

None of them was ever sober, he said.

Now the Verein is suing Pastor Lindemeyer for libel, hoping to get the \$100 back into the treasury.

CONFORMS TO PARIS CHIC

The tunic declares itself in a number of interesting ways on the new black crepe satin frocks that Paris has designed. This model features the tunic rising above the belt in square effect at the front, but divided against itself below. Nothing could be smarter for all-occasion wear than this gown. Fine twill is also ideal for its development. Medium size requires 2 1/2 yards 54-inch material or 4 1/2 yards 30-inch satin.

The coat to the right is a straightline model, lending itself to the manipulation of soft, smart materials. It has a high collar edged with fur and sleeves lengthened by round cuffs that are gathered into wristbands of fur to match that on the collar. There are colorful braids which may be used instead of fur with telling effect. Medium size requires 4 yards 54-inch material.

First Model: Pictorial Review Dress No. 2302. Sizes, 16 to 20 years and 34 to 46 inches bust. Price, 35 cents.
Second Model: Coat No. 2333. Sizes, 34 to 48 inches bust and 16 to 40 years. Price, 35 cents.

Houses quarantined—4—Diphtheria.
Houses fumigated—2—Diphtheria.
1; Scarlet fever, 1.
Fees collected for certified copies of birth and death—\$1.50.

NEW "MONTE CARLO" OPENS IN HUNGARIAN CAPITAL

(By Universal Service)
BERLIN, April 4.—Budapest is to become the Monte Carlo of Central Europe.

The Hungarian minister of the interior has granted permission to a company to open up a gambling casino in the Hungarian capital.

Temporarily, the casino will be placed in the buildings of the aristocratic "Island Club" on the Margareten Island, a beauty-spot in the Danube and right in the city.

Later, however, the company is pledged to build a monumental casino on the island, in the style of the casino of Monte Carlo, just as elegant and just as luxurious.

The Hungarian government expects a large influx of the fashionable set of all countries to gamble at Budapest, which in turn would bring in large sums of foreign exchange to bolster up the Hungarian crown.

Non-Stop Atlantic Flights In New Swedish Aeroplane

(By Universal Service)

GOTHENBURG, Sweden, April 4.—An aeroplane motor making possible non-stop flights across the Atlantic Ocean in as many hours as the fastest steamship now requires days, has been designed by a Swedish engineer, S. Lindquist, living in Berlin. In order to do this the route must be laid very high in the air, he says, from five to ten miles up, where the air resistance is much less than close to the earth's surface.

In order to overcome the gradual rarification of the atmosphere the new motor will automatically be given more and more air as it rises. The pitch in the propeller blades must also be gradually changed. The aviators will be supplied with an extra amount of oxygen and the air pressure in the passenger cabin mechanically regulated.

All these requirements, Mr. Lindquist claims to have met in his plan for a high speed plane that can make as much as 100 miles per hour, ten miles up. At a recent lecture here before the Chalmers Engineering society he said that instead of promoting aviation technique, the war had materially delayed it. The military requirements put on special premium on long distance flying. High speed at low altitudes and great agility on maneuvering were the qualities in demand.

Now the thread of progress has to be taken up where it left off in 1914 and the experiences of the American round the world flyers have been very instructive. The recent crossing of the Atlantic by the German built "ZR3," now the "Los Angeles," also helped determine what a dirigible could and could not do.

As a time saver the air ship is

not particularly valuable, said Mr. Lindquist. It requires three days to cross from Europe to America, while a steamship can do that so much more safely and economically in five. The long distance flights of the American army aviators also proved that very extensive service stations with spare parts and fuel have to be stationed in out of the way corners of the earth. Since it has been demonstrated that a motor can be made to run ten hours without missing, aeroplane flights should be limited to distances that can be covered in that time. But high enough up in the air this will not preclude transatlantic flights.

Great novelties in motor construction may be expected before long from Germany, predicted Mr. Lindquist, but on account of the restrictions laid down in the Versailles Treaty, the German motor industry is much hampered. He therefore desires to find capital in Sweden for the utilization of his inventions. On account of extra apparatus, required for air supply, his projected aeroplane will be rather heavy, but it will be solidly constructed and the income from carrying the mail alone will pay for the cost. In the case of mishap the machine can cover about fifty miles by soaring and within distance a ship will almost surely be located by radio communication. Better built the body of the aeroplane will also serve in an emergency as a life boat.

Long Beach—Standard Gypsum Co. leases 7-acre site for establishment of third Pacific Coast plant.

Portola—Feather River Lumber Co. opens mill and logging camps; 100,000 feet to be cut daily.

EXERCISE HINT

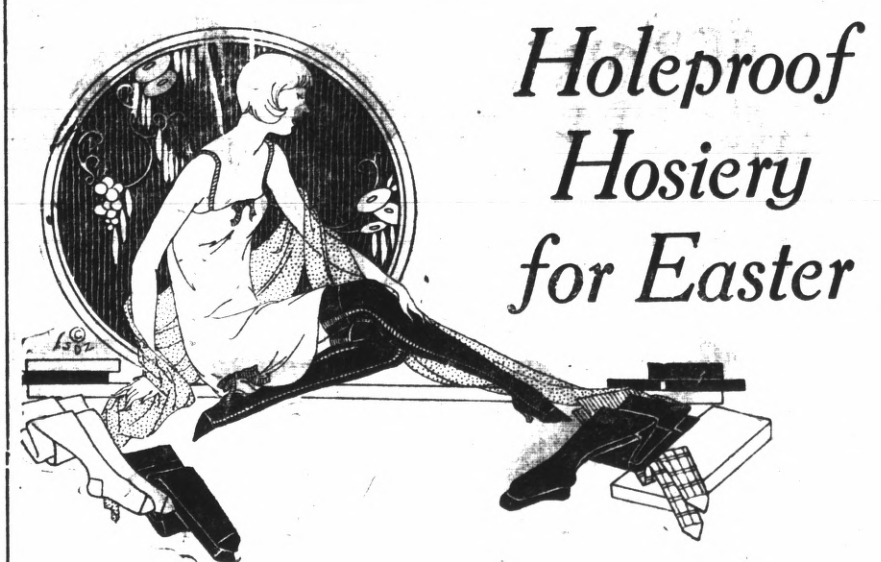

(c) By Bernard Macfadden

Stand in a good, firm position, with heels about eighteen inches apart, and place dumb-bells lengthwise immediately behind the heels. From that position stoop down and grip the bells and then with a good smooth energetic movement reach out forward and upward until the bells are at fullest reach above the head. In the upward sweep the legs must be thoroughly straightened and the back arched.

MARCH BIRTH REPORT SHOWS 40 WERE BORN

The birth report for the month of March, as compiled by Dr. Charles R. Blake, commissioner of health shows a great increase over the same period for the past three years. In the month just passed, 40 births were reported, as compared with 27 in 1924; 22 for 1923; and 18 for 1922. Of these 40, 22 were boys and 18 girls.

The complete birth list for the month follows:

March 6—To the wife of W. Angeles, a daughter.
March 28—To the wife of J. Armentrout, a son.
March 1—To the wife of V. Astorino, a daughter.
March 14—To the wife of M. Balas, a daughter.
March 14—To the wife of H. Baldwin, a son.
March 16—To the wife of C. Carter, a son.
March 2—To the wife of E. Celis, a daughter.
March 14—To the wife of M. Chamberlain, a daughter.
March 18—To the wife of G. Conr, a daughter.
March 2—To the wife of M. Cornello, a daughter.
March 2—To the wife of F. Curry, a daughter.
March 24—To the wife A. Dio, a son.
March 6—To the wife of R. Duke, a son.
March 11—To the wife of H. Fitzgerald, a son.
March 19—To the wife of F. Fresia, a son.
Dec. 15—To the wife of H. Furseth, a son.
March 20—To the wife of A. Goodwin, a daughter.
March 21—To the wife of J. Gurey, a son.
March 5—To the wife of D. Guerra, a son.
March 21—To the wife of E. Hampton, a son.
March 2—To the wife of T. Homo, a daughter.
March 24—To the wife of B. Lazzaro, a daughter.
March 28—To the wife of E. Maher, a daughter.
March 17—To the wife of J. McVittie, a daughter.
March 5—To the wife of H. Nelson, a daughter.
March 25—To the wife of P. Nelson, a son.
March 28—To the wife of R. Pinocchio, a son.
March 20—To the wife of J. Rihn, a son.
March 13—To the wife of F. Roza, a son.
March 3—To the wife of J. Saldivar, a son.
March 27—To the wife of G. Scott, a son.
March 7—To the wife of J. Scott, a son.
March 17—To the wife of L. Scott, a son.
March 30—To the wife of C. Stone, a daughter.
March 28—To the wife of V. Streeter, a daughter.
March 6—To the wife of O. Tagnetti, a daughter.
March 17—To the wife of H. Valencia, a son.
March 25—To the wife of C. Waters, a daughter.
March 14—To the wife of F. Watson, a son.
March 18—To the wife of R. Whitaker, a son.

Good Bout Staged In San Francisco

(By Universal Service)

SAN FRANCISCO, April 3.—In one of the best fights ever seen here, Patsy Finnigan of St. Louis, slugged his way to a 10-round victory over Tuffy Wing of Portland, here last night. After Wing had taken the first round, Finnigan proceeded to take everything except Wing's gloves. Both fighters took enough punishment to stop most fighters.

Buddy McDonald of St. Paul, beat Joe Slocker of Los Angeles in the semi-final in six rounds.

Pete Brothers of Montana, was given a technical knockout over Tim Callahan of Portland, when Callahan quit in the fourth of a six-round special event.

Frankie Darren of Salt Lake, beat Frankie Riley, of Portland, in four rounds.

Jimmy Barry knocked out Mickey White in the second round.

San Bruno—State highway between this city and Cypress Law Cemetery to be widened.

San Anselmo—Contract awarded for improvement of Redwood avenue.

Rosoda—Four and one-half miles of Victory boulevard to be paved at cost of \$162,000.

Watsonville—Modern business block to be erected on Main street.

DRESS WELL AND SUCCEED!

REFRESHING—THE NEW NOTES IN SPRING CLOTHES

BRITISH to the backbone are the new Clothing styles prescribed for spring. London has sent us the new word — the new variances from what already has been established as the English type of modeling. And while these edicts emanate from "over seas" they are wonderfully adaptable to the American type of figure—the American taste in grooming—precise in character lines, yet roomy and loungy in drape. Here's dress distinction awaiting you. Displayed here at—

BATTLERS IN ELIMINATION TOURNAMENT TO SELECT LIGHTWEIGHT TO WEAR LEONARD'S CASTOFF CROWN

Benny Leonard's voluntary retirement as champion of the world has resulted in great activity in the lightweight division. Here are four of the prominent contenders. At the top, (right) is Benny Valgar of New York, who won his way into the third round by outpointing Alex Hart. At the bottom (right) is Sammy Mandell, the flashy Chicago boxer, who first withdrew from the tournament but reconsidered and drew a bye in the second round. At the bottom (left) is Joe Benjamin of California, who defeated Silvers in a bout to decide which should represent the Pacific Coast in the tourney. At the top (left) is Jimmy Goodrich of Buffalo.

Diet Shy of Nourishment Starving Britain to Death

(By Universal Service)
LONDON, March 26.—The British people, according to doctors and dietetic experts, are slowly starving themselves to death by eating too much of the wrong kind of food.

This is one of the many remarkable conclusions to be drawn from a series of articles by prominent authorities published in a special number of the "Practitioner."

Dr. S. Henning Bellbridge advocates a return, in some degree, to the food of man in his uncivilized state.

ARTIFICIAL FLAVORS.
He asserts that civilized man is losing the taste for natural flavors, demanding that his palate be tickled by various artificial flavors and condiments. "These," he says, "are not only expensive, but harmful."

Professor F. Gowland Hopkins affords an illustration drawn from a many times repeated experiment.

"A young growing animal, if fed continuously upon a dietary satisfying all the criteria, which would have been deemed sufficient twelve years ago, may yet cease to grow, and, after displaying all the characteristic symptoms of mal-nutrition, may quickly die. The only necessary condition for such an occurrence is that the materials supplied should be first freed from vitamins. The animal will then die, although its food is freely eaten, well digested, absorbed."

What, then, may we eat according to the experts? White bread is condemned and whole meal bread championed. The extravagant consumption of fresh meat is forbidden. Sirloins of beef and shoulders of mutton are said to be not nearly as nutritive as the liver and other internal organs of the animals.

TINNED GOODS.
"Tinned foods," says Sir William Wilcox, medical advisor to the Home Office, "are prepared most carefully, but the care in their preparation and necessary sterilization involves vitamin destruction."

People are advised by other authorities to renounce the familiar sweets that figure in the daily menu. Fish is declared to contain little nutriment, but roes, both hard and soft, are advocated.

The authorities recommend a dietary based in whole meal bread, fresh fruit, fresh vegetables, milk, eggs, butter, cheese with brain, kidney, heart and liver as meats preferable to joints and steaks. The cheaper kinds of fish, they say, such as herring and mackerel, are better foods than the more expensive white fish.

BRITISH WOMEN CROWD

MEN IN MOST INDUSTRIES

(By Universal Service)
LONDON, April 4.—The invasion of industry by women in recent years has been so complete that the new volume of the 1921 census returns, to be issued today, shows not a single division of industry in England and Wales in which only 30,000 fewer women than men are connected with one or other of the professions.

Altogether, 17,188,050 persons were employed in industry at the time of the census, 12,112,718 men and 5,065,232 women. This is an increase of 234,580 women compared with the census of 1911.

Women completely outnumbered men in many industries, including

French Doctor Transplants Eyes From Dead Man To That of Living

(By Universal Service)
PARIS, March 25.—The transplantation of the eye and optic nerve of a dead man into the eye socket of a blind man has been effected in the laboratory of Professor Przibram at Vienna by Dr. Koppanyi, according to an announcement made here by Professor Chartres.

The French scientists cautiously does not announce the success of the operation.

"The operation took place three months ago," he stated, "and according to Dr. Koppanyi's calculations it will take at least six months for the graft to be assimilated by the living organism."

"Then and then only shall be known whether such an operation means sight for the blind."

Dr. Koppanyi is the man who recently startled the scientific world by a series of experiments in eye-transplanting and grafting, performed on rabbits and fish.

Before the Ophthalmological Congress in 1921 he showed a number of rats with eyes that had been grafted from other animals. It was demonstrated then that, though the eyes continued to live, they did not contain the element necessary for sight.

The operation of grafting, therefore, had not succeeded, although the operation of transplantation had. Dr. Koppanyi however, expressed his belief that the operation will be a complete success.

JERSEY WIFE NO MORE CHattel OF HUSBAND

(By Universal Service)
LONDON, April 4.—Jersey women released for the first time from their bonds of medieval serfdom. Hitherto they have legally been merely "chattels," but an Act similar to the English Married Women's Property Act was passed by the Jersey States. "English women have not been regarded as chattels for hundreds of years," said a solicitor. "When they were, a husband had the right to beat his wife, so long as he did not use a stick thicker than his little finger."

"A man could sell his wife like any article of merchandise or a bundle of goods according to the strict definition of the word 'chattel.' All a woman's property became vested in her husband from the moment she was married before the passing of the Married Women's Property Act."

"A married woman can now settle her property without 'restraint or anticipation,' and thus put her property entirely out of reach of not only any creditor but her husband, who cannot secure it either by kicks or kisses."

the textile trades of Lancashire, the china and porcelain trades, and the making of pins and needles.

MOKELUMNE ESTIMATES CONSIDERED

Directors of Utility District To Check Figures in Offer For Water in 36 Months
BOND ISSUE IS VALIDATED
Both Houses of State Legislature Have Passed Bills Validating \$39,000,000 Issue

Directors of the East Bay Municipal Utility District already are undertaking a check of the estimates by which Stephen E. Kieffer, noted San Francisco engineer, has offered to bring the Mokelumne water to the Eastbay within thirty-six months for less than \$39,000,000.

Chief Engineer Arthur P. Davis of the water district informed the directors at a meeting last night that he will make a study with comparative estimates of Kieffer's proposal. The plan outlined by the engineer who is the owner of the Mokelumne reservoir sites, contemplated for use by the district, is to construct the Mokelumne water system, guaranteeing delivery of an emergency supply of water within fifteen months from the San Joaquin river, and the permanent supply from Mokelumne within three years. The price of \$29,950,000 quoted by Kieffer is inclusive of all rights to the reservoir and dam sites.

BILLS VALIDATE ISSUE
Both houses of the state legislature have passed the bill validating the district's bond issue of \$39,000,000 for the establishment of the Mokelumne system. William J. Locke, attorney for the district, informed the directors. The bill now awaits only the signature of Governor Richardson. Locke explained, and the time when the signature is affixed depends upon when the legislature adjourns. If the legislature remains in session the bill probably will be signed within ten days, but if it adjourns the bill may not be signed for thirty days, Locke said.

Once the governor's signature is attached to the bill, however, the validation of the district's bonds will await only a decision of the Supreme Court. The ruling of this court will be made on the decision of Superior Judge J. J. Trabucco upholding the validity of the bonds.

WORK OF ENGINEERS

Davis submitted the following report of the affairs of the district: "During the month of March the engineering forces have continued work on the field surveys and office studies and estimates of the Mokelumne aqueduct. Work has been mainly on the tunnel from Lafayette to San Pablo Creek and final location of this has been staked out. "Samples of water have been taken and examined from the west branch of the San Joaquin river near the proposed crossing of the aqueduct. Studies to date indicate advantages in economy of carrying the aqueduct around the ridge near Bay Point and placing a pumping plant of 275 foot pumping lift near Pleasant Hill north of Walnut Creek.

"The offer of Stephen E. Kieffer for construction of the aqueduct was studied and comparative estimates conforming to his plans were made. "Samples of gravel from various eligible locations were taken, and sent to the testing laboratories for tests.

"Field and office work have continued on the inventory and appraisal of the properties of the East

Delegates to Rotary Meet Eager to Read Record-Herald

Fresno, April 3, 1925.
Circulation Manager,
Richmond Record-Herald,
Richmond, California,
Dear Sir:

We wish to thank you cordially for your cooperation in making the visit of your Rotarians during the recent convention in Fresno a pleasant one.

Bringing to them their favorite daily newspaper brought many happy smiles and each day at the Home-Town Newspaper Booth a steady flow hourly received papers. We are enclosing a copy of the April "Reveille" containing a picture of the booth.

You, undoubtedly, have received congratulations from your Rotarian friends and this newspaper wishes to again take the opportunity of thanking you for your splendid cooperation and service.

Yours very truly,
P. H. CASHILL,
Circulation Manager.

STREET PLANS PREPARED FOR CITY COUNCIL

City Attorney D. J. Hall has checked and approved the plans and specifications for the paving of Garrard boulevard from Macdonald to Ohio and for the improvement of Tenth from Lucas to Pennsylvania, which were drawn by City Engineer E. A. Hoffman, and which will be submitted to the city council for adoption on Monday night.

The Santa Fe railroad will improve Garrard boulevard as it owns the street. The plans call for paving from gutter to gutter, with 11 inches of asphalt concrete and one and one-half inches of National wearing surface.

On Tenth street, the plans call for full improvements of concrete sidewalks, curbs and gutters. A 20-foot cement concrete strip now in the center of the street will be covered with one and one-half inches of National wearing surface.

Day Water company. Fundamental principles, as applied to this problem, have been carefully considered, and some general rules for guidance have been adopted.

FAVORABLE REPORT GAINED
The general manager accompanied members of the board to Sacramento for the hearing on the legislation in which this district was interested. Attorney Locke presented the views of the board, and a favorable report was secured from the assembly committee.

"The manager attended the validation case and served as witness for the district. This was exceptionally well handled by Messrs. Orrick and Treadwell, and a prompt and favorable decision was rendered by Judge Trabucco. Notice of an appeal has been given by Dan Hadsell, one of the litigants."

Louis J. Bartlett proposed sending letters to the bankers and investment houses of the Pacific Coast announcing that the district was unalterably opposed to the water company's proposal, and that it would contest in the courts any of its bond issues.

MAN WHO AIDED SAN FRANCISCO JAIL PLOT HELD

Member of Band That Staged Escape From Federal Officers Positively Identified

HELPED BROTHER ESCAPE

One Brother Killed by Accident When Gang Threw Ammonia In Eyes of Deputy

SAN FRANCISCO, April 4. Theodore Ekers, a member of the hijacker band that staged the escape of his brother Milo from federal officers in San Francisco last January, has been positively identified as one of the five men held by the Philadelphia authorities, Marshal Fahy, head of the Department of Justice, announced tonight.

Ariel Egers, another brother, was killed in the gun battle that followed when the gang threw ammonia in the eyes of Deputy United States Marshal John Donnelly and took Milo from his custody in the corridors of the Federal building.

The identification was made through Bertillon measurements, and a photograph sent out by the Department of Justice.

None of the other four men held in custody have been identified by the local authorities.

Marshal Fahy, after making the positive identification, appeared before Commissioner Krull and asked that the complaint against Theodore Ekers be changed to conspiracy to free a federal prisoner and to injure a government officer.

This complaint, along with the request to hold the other four men for further investigation was telegraphed by Fahy to the Department of Justice agents in Philadelphia.

HARBOR WORK VIEWED HERE BY ENGINEER

City Manager J. A. McVittie was in conference yesterday morning with Captain Pond, government engineer under Major John Schultz, in charge of rivers and harbors in this district, in regard to the development work on the harbor.

Captain Pond, who arrived here yesterday, is at present making an inspection of harbors in this district. What is being done by Richmond that will justify the cooperation in harbor expansion work is also being ascertained by Pond.

McVittie fully outlined the program to Pond and also discussed with him the proposed wharf No. 2, the dredging project from the bulkhead line of the new wharf to the channel line, and other matters relating to the work.

The application for a permit which will shortly be submitted to Major Schultz, will be accompanied by the necessary maps that have been prepared by City Engineer E. A. Hoffman.

Woodside—Col. D. C. Jackling to build \$250,000 country home in this city.

100 Men Wanted At Richmond Theatre Today

One hundred men are wanted at the Richmond theatre, corner Fifth street and Macdonald avenue, this morning at 9:45, when the Everyman's Bible class will be organized under the auspices of the First Christian church and the personal supervision of Rev. Frank A. Woten.

This is a new undertaking in Richmond, and is not denominational. It is to be a class for everybody who would like to make a study of the Bible, and nobody is to be excluded. There will be a big song service with selections by a male quartette, and Evangelist Floyd A. Ross will deliver an address on "The New Man."

Similar classes are held in theatres in other cities, but this is the first attempt of the kind to be made in Richmond.

SIX STORIED HOTEL ASSURED FOR RICHMOND

Another step towards Richmond's realization of a long-cherished dream of a first-class hotel was taken by the Richmond Community Hotel Company this week, when James W. Planchek, of Berkeley, was named as supervising architect, and Chas. B. Hamilton named as lessee of the 6-story hotel building to be erected at Tenth and Nevin during the year.

The hotel, which is being sponsored by the Richmond Chamber of Commerce, is going to be built by funds which in the main will be raised by popular subscription after a plan which proved practical in Petaluma and effective in Eureka.

The hotel is going to contain from 75 to 80 rooms, which will consist of singles and suites with a large number of private baths.

The lobby will be brought right up to the minute in the matter of roominess and hominess. There will be ample rooms to care for commercial travelers' display of samples and to store their trunks.

Consideration will be given to a banquet room to afford accommodations to the numerous service clubs which are functioning in Richmond.

The directors declare that it is their purpose to make the hotel the social heart of the city.

The building will cost complete nearly \$300,000.

The Hockenbury System, of Harrisburg, Pennsylvania, will be on the ground in the immediate future and inaugurate the campaign to raise the money to finance the construction and equipment of the new hotel.

Planchek, the architect, is said by the directors to have a record of successful building throughout California.

Charles B. Hamilton, the lessee, is one of the best known hotel men in California. The company, of which he is a member, now is operating the Hotel Fresno, at Fresno; the Tegeler, at Bakersfield; the Reynolds, at Riverside; the Gateway, at Needles.

MARRIAGE LICENSE ISSUED
George L. Ryan, 36, and Mae Trengenza, 38, both of Richmond, took out a marriage license in Oakland yesterday.

A marriage license was also taken out by Myron N. Piety, 22, and Violet E. Vickery, 18, both of Richmond, in Oakland yesterday.

Significant That Moment Trial Shifts From Murder to Insanity Faints Stop

(By Universal Service)

SAN FRANCISCO, April 5. That Dorothy Edgington's fainting spells were faked and that she has suddenly stopped them for fear she will be adjudged insane was the statement made yesterday by District Attorney Matthew Brady, chief of the prosecution forces.

"It is significant," said the district attorney in discussing the defense showing of insanity, "that this girl, the very moment her trial shifts from murder to the insanity hearing, suffers no further collapses in court."

MERELY IN PROTEST

"It is known that she is openly antagonistic to her attorney's effort to commit her to an asylum. She insists that she is sane. It is ridiculous to attribute her emotional scenes to dementia praecox. The girl has admitted herself that those fourteen so-called faints that marked the murder trial were merely in protest to the wrangling of attorneys. I have seen brothers, fathers, sweethearts undergo similar nervous strain in court.

"Now that she faces the possibility of commitment to an insane asylum, the faints cease. She is fighting with all the wiles at her command to escape that fate. Dorothy Edgington is sane and of high normal intelligence."

DEFENSE TO INSIST

Attorneys for the defense, however, will proceed with the contrary assertion when the trial resumed Monday morning. It will open with Dr. Jan Don Baile, chief of the defense expert staff, under cross examination of Assistant District Attorney Harmon D. Skiffing.

A report that the girl might take the stand and repeat the statement she made Dr. Joseph Patton, prosecution expert, that she is sane, was flatly contradicted by Attorney Sylvester J. McAttee yesterday.

"We certainly shall not put the defendant on the witness stand," said the defense counsel.

Cardoza Funeral Set for Monday

Funeral services will be held from the Bert Curry parlors at 2:30 o'clock Monday afternoon for Mrs. Emma Cardoza who died as a result of injuries sustained in a Santa Fe train and automobile crash. The Christian Science church will conduct the services. Sunset View cemetery will be the place of interment.

RAILS TO BE REMOVED

City Attorney D. J. Hall gave out information yesterday that will be of interest to the residents of the West Side, in that the abandoned street rails that have been left for years in Park Place and Richmond avenue will be removed. The Southern Pacific company will take the rails out within two weeks.

G. I. Smith, city traffic officer, who was killed in a motorcycle fall, received his injuries when his machine jarred in going over the track.

Great Work of Cosmopolitan Club Shown in First Debate

work being done by the Cosmopolitan club in bringing foreign born people together and giving them a training in American ideals a work which the public has not yet begun to appreciate was given last night at the high school auditorium when a debate was held on the subject of "Should Woman Suffrage be Retained."

Both the proponents and opponents of the subject were foreign born, and it was their first effort at public speaking, but in spite of them—admittedly a handicap in an American community, just as Americans would be handicapped in a foreign community—the talks showed remarkable effort, deep thought and much preparation.

Much credit is due to L. French, who conducts night classes in Americanization for the foreign born residents of Richmond, for the rapid progress made in this work by the members of the Cosmopolitan club. The Richmond club is a branch of a national organization, Mrs. Emily Axell is its founder here and Mrs. Jessie Wilson is president, and both these women are ardent workers in the cause.

Last night's debate was the first attempt of the club along the line of public speaking. On the affirmative side of the question were Louis Regalia and Simon Higuera, while the negative viewpoint was handled by Guy Botinni and Marco Bertelli. Their talks were commendable.

Judges were, Rev. W. P. Grant, Henry Heinemann and Miss Muriel Ross. Their decision was that the negatives had presented the best argument. Trio numbers were given by Messrs. French, Shipley and Re. Refreshments were served by a committee composed of Mrs. Hendrika Schoute and Mrs. Jessie Wilson. Dr. Grant gave a talk.

That the Cosmopolitan club serves as the "melting pot" for nationalities in Richmond is shown by the nationalities represented, which include, France, Italy, Austria, Rumania, Scotland, Ireland, England, Germany, Spain, Sweden, Canada and others.

It was arranged last night to have all these nationalities present at a pageant at the Lincoln school on the evening of May 21, the pageant to bring out the best of each of the different nations. In charge of this will be Mesdames Chapi, Schoute and Axell.

One interesting point brought out in the debate last night was that the greatest privilege looked forward to by the foreign born emigrant in coming to American shores is that on naturalization he will become the equal of the native born, without distinction.

Another was the foreigner's viewpoint—and the fact known to all Americans—that the history of no other country in the world shows so many great and unselfish men as have been produced by the United States.

Builders Exchange Endorses Program

P. M. Sanford, president of the Richmond Builders Exchange, at a meeting held Friday night urged the members to attend the big Chamber of Commerce get-together dinner at Richmond clubhouse on April 9. Sanford spoke strongly in favor of the new proposed community hotel.

L. Dexter, secretary of the exchange, stated that the free employment bureau maintained by the exchange had found work for more men in the past month than in any month during the winter.

145 U. S. SHIPS TO PASS IN AT GOLDEN GATE

Greatest Armada Ever Assembled Under American Flag to Take Position in Bay

45,000 OFFICERS AND MEN

Battleships, Cruisers, Destroyers, Submarines, Compose Big Fighting Navy Here

San Francisco bay and the Golden Gate, theater for countless events that have marked the westward march of civilization, form the background today for a new chapter in history—the coming of the most powerful fleet ever assembled under the American flag.

One hundred and forty-five vessels of all classes, including the most heavily armed battleship division in the world, swing through the Golden Gate today for a ten day's stay in San Francisco harbor. Their visit is part of a naval maneuver which has attracted world wide attention, and which will reach its culmination at the Golden Gate.

The fleet is expected to begin its passage through Bolinas channel on the northern side of the Golden Gate about 8 a. m. or slightly earlier, and the first destroyers are expected to be near the piers where they will tie up by 8:30 a. m.

ANCHORAGE TIME

The battleships will follow this contingent and are expected to anchor in Man-O-War Row about 10 a. m., that being the hour of the most favorable tide. Entrance and anchorage of the fleet will occupy the entire morning.

Radio reports last night told of the progress of the armada northward along the coast exactly on schedule.

The fleet brings to San Francisco 45,000 officers and men, including sixteen admirals. To greet friends among this number or to see the great mobilization of naval power, thousands of visitors poured into the city by rail and automobile yesterday and last night.

These, added to the thousands living around the bay will complete the picture inspired by the fleet visit by thronging every hilltop and point of advantage that San Francisco has to offer. Both the police and military authorities have taken every precaution for the adequate handling of the crowds.

SEATTLE FLAG SHIP

The fleet is under command of Admiral Robert E. Coontz, whose flagship is the U. S. S. Seattle. Admiral S. S. Robinson is commander-in-chief of the battle fleet, with the U. S. S. California as his flagship, while Vice-Admiral Henry A. Wiley is commander of the battleship division, with the U. S. S. West Virginia as his flagship.

The passage of the ships into the harbor will be the signal for an impressive exchange of salutes. As the ships of the fleet commander, battle fleet commander and the battleship commander pass the harbor fortifications they will thunder out their respects to the army and the Twelfth Naval District, and these will be returned from the Presidio and Yerba Buena Island.

The entry of the fleet into the harbor will be the signal for a fleet of army planes to rise from Crissy Field as an aerial escort to the navy.

Church and Sunday School

SAN PABLO BAPTIST CHURCH

Sunday school at 10 o'clock, superintendent Clarence Dunlap, in charge. Morning worship at 11. Theme—Jesus Publicly Announces His Messiahship. The choir will sing The Palms. The young people will meet at 6:30 with Ivy McCausland as leader. The president is to tell how we won the attendance banner at the 23rd Ave. Baptist church Friday night. The Heavenly Rag-Picker is the pastor's sermon topic for the 7:30 evening service. Mrs. C. I. Dunlap and Miss Selma Missen will sing a duet. The Notchers will meet Monday evening at 6:30. The Non-tamers at 7:30. All men and boys invited to be present. Wednesday evening mid-week prayer service followed by practice by the choir. All members of the choir are urged to be present to practice for Easter.

LUTHERAN CHAPEL

Tenth street, near Barrett avenue. Rev. Lester Wessling, pastor. Residence 551 Twenty-first street; Miss Elsa Reinacker, organist.

Palm Sunday—that beautiful festival day which stands at the entrance of the most eventful week in the world's history, namely passion week—will be observed with an order of service befitting the occasion. There will be but one service, beginning at 10:30. To the thousands of you Christians throughout the United States who will on the morrow assemble before the altar of God to pledge allegiance to their Lord and Master, the Lutheran chapel will add the following class of catechumens: Marguerite Erickson, Mary Stark, Clara Martz, Mollie Baum, Freda Schnaltmarn, Alma Klalber, Mollie Engelman, and Annie Martz. The class has met regularly during the past months for the study and instruction so necessary to him who would comply with St. Paul's admonition contained in 1 Corinthians 11:28: "Let a man examine himself, and so let him eat of that bread, and drink of that cup." The ability to examine oneself, and knowledge presupposes instruction. The class will be confirmed and received into church membership tomorrow; they will receive their first communion on Easter morning. Sunday school will begin promptly at 9 o'clock. Preparation of the program scheduled for the Children's Service on Easter night will be continued.

All unchurched Lutherans and friends will receive a hearty welcome at all of our services.

CHURCH OF OUR LADY OF MERCY

West Richmond Ave. Rev. William Cleary, pastor.

First mass, 7:00 o'clock.

Second mass, 9:00 o'clock.

UNITY TRUTH CENTER

Richmond clubhouse, 11 a. m. Rev. Ida B. E. Hott of Oakland will lecture. There will be special music. Everyone cordially invited.

GRACE LUTHERAN CHURCH

Redmen's hall Eleventh and Nevin S. T. Hines, Ph. D., pastor. Residence, 824 Barrett avenue. E. J. Evans, superintendent of Sunday school. Mrs. H. W. Winkler, organist. Sunday school begins at 10 o'clock. Subject of lesson—Jesus Placed in the Tomb. Joseph of Arimathea, assisted by Nicodemus, prepared the body of Jesus for burial in a very creditable manner. Mary Magdalene and the other Mary her friend, were eye witnesses to what they did. The tomb was a new one in a garden near the place of crucifixion. Great precaution was observed that Jesus claim of rising from the dead in three days would not come to pass. So the stone placed at the entrance of the tomb was sealed with a Roman seal which meant death to any one who would break this seal. And a watch was placed to guard the tomb, to make sure everything was secure. All are in waiting for the resurrection morning. At the 11 o'clock service the sermon by the pastor

will be on the subject—Jesus Enters Jerusalem in Triumph. The Song of Moses and the Children of Israel at the Red Sea is inspiring, because it is unto the Lord. The Lord is my strength and song, because he is become my salvation. Jesus entered Jerusalem as King. He was so regarded in the midst of His foes. The solution of personal, industrial and national safety and progress, is in Jesus Christ. But to attain the desired results, with the best that is possible, Jesus must be enthroned in the hearts as King of all subjects concerned. Control the heart with the divine influence of pure love, and all will be lovely. "Thy Throne, O God, is forever and ever; a sceptre of righteousness is the sceptre of Thy kingdom." The occasion of this triumph of Jesus was marked with great rejoicing. "Blessed is the King of Israel that cometh in the Name of the Lord." He came as "The Mighty God, the everlasting Father, the Prince of Peace." May this Palm Sunday be a signal of triumph throughout the world. This can be real, only as we give peace to King Jesus. Confirmation of the class in catechism will be at this service. Special decorations and music will make the service appropriate and inspiring. Practice for the Easter program to be rendered on the evening of Easter Day will be held Wednesday at 3:45 p. m. Also on Saturday at 2 p. m. Luther league at 6:30 p. m. Subject for discussion—What should the Church expect of Me? Tony Santella will lead the meeting. A cordial invitation is extended to you and your friends to attend these services.

WESLEY METHODIST EPISCOPAL CHURCH

Corner Ninth and Nevin. C. G. Lindemann, minister.

Sunday school at 9:45 a. m. We have a class for every member of the family. Begin the day right by going to Sunday school and take the children. A special Palm Sunday service will be held at 11. There will be special music and the pastor will speak on the subject—Enthusiasm vs. Endurance. This will be a Palm Sunday sermon. The Epworth League meets at 6:30 in the social rooms of the church.

will be on the subject—Jesus Enters Jerusalem in Triumph. The Song of Moses and the Children of Israel at the Red Sea is inspiring, because it is unto the Lord. The Lord is my strength and song, because he is become my salvation. Jesus entered Jerusalem as King. He was so regarded in the midst of His foes. The solution of personal, industrial and national safety and progress, is in Jesus Christ. Subject for discussion—What should the Church expect of Me? Tony Santella will lead the meeting. A cordial invitation is extended to you and your friends to attend these services.

All young people welcome. In the evening the pastor will handle the Passion Week topic—The Way of the Cross Leads Home. The service begins at 7:30 with a song service consisting of familiar hymns. There will also be special music. You will enjoy this service. Those having parts are asked to be at the church Monday and Friday nights for their monthly supper and program. The speaker for this month is Dr. A. T. Bane, superintendent of the Oakland district. At the conclusion of the brotherhood meeting Dr. Bane will hold the second quarterly conference. All officers will please have reports ready. There will be no Friday night program this week. Next week the program as usual with "My Wild Irish Rose" as the feature picture and one reel of scenic—Wonders of Utah. The Junior Philathea class will hold a picnic at the grounds of the Rod and Gun club Tuesday. They will meet at the parsonage, 330 8th St., at 11 o'clock. Good Friday union services at Wesley church Friday from 12 noon to 3 p. m. Theme—The Seven Last Words of Jesus. Union Sun Rise service Easter Sunday morning at Nichol's Nob, Point Richmond. Watch papers for announcement of the hour. Special Easter services all day Sunday, beginning with an Easter program by the scholars of the Sunday school at 9:45 a. m. At 11 o'clock there will be a special Easter sermon by the pastor, reception of members; baptismal service for children and adults and special music by the choir. At 7:30 p. m. the great pageant—The Dawning—will be presented. Over forty characters participate in this presentation of the Easter story. All will be beautifully gowned in the costumes of the Orient. Special lighting features will be used and everything done to make this the most wonderful presentation of the Easter story ever seen in Richmond. The music is

high class, inspiring, and devotional. Plan to make Easter a Sunday of church attendance. We welcome you to all our services.

YOUNG MEN'S BIBLE CLASS

At the last Sunday's meeting of the Young Men's Bible Class, such an interesting conversation was conducted in class that a motion was made to the effect of the continuation of the same subject—What Are the Needs of the Young Man of Today? for Sunday, April 5.

Every young man who is interested in his own life should hear these discussions and benefit by them. The class assembles at 9:30 in the upstairs of the Y. M. C. A. every Sunday morning. All the young men are welcomed.

POINT RICHMOND BAPTIST CHURCH

MONETT TELLS HOW TO SPEND VACATION TIME

"Spend your vacation and your vacation fund to the best advantage by playing gypsy with modern comforts and conveniences," says W. B. Monett, of the Monett Motor Company.

"Go wherever your fancy leads through shady country lanes, stopping for lunch by some garden brook, pitching your tent on starry nights in some sheltered glen."

"Or, perhaps, you will prefer to adventure the rolling hills or winding mountain roads, to secure that complete change of scene and atmosphere and living that makes the ideal vacation."

"The usual heavy expense for fares, rooms and restaurant meals can be invested in a Chevrolet ready and able to serve and please you for years. Then, too—every Saturday and Sunday can be added to your usual vacation period with your Chevrolet."

Wherever you go you will never be far from Chevrolet service. Ask any Chevrolet dealer for list of dealers and service stations in your state.

25 Miles to the Gallon
58 Miles per Hour
5 to 25 Miles in 8 Seconds

Never before has there been an organization capable of producing at anywhere near the low Maxwell price such speed and power, economy and absence of vibration in a 4-cylinder car.

Chrysler engineers have combined with unprecedented smoothness a speed of 58 miles per hour and a flashing acceleration of 5 to 25 miles in 8 seconds.

They have engineered into this motor a gasoline economy of 25 miles to the gallon, and an upkeep economy which brings replacement and repair costs close to the zero mark.

We are eager to prove these Maxwell facts in a demonstration drive.

San Pablo Young People to Place Banner as Prize

The Young Peoples Union of the San Pablo Baptist church will officially install in the young people's room tonight the attendance banner won by them at the rally of the Bay Cities Baptist Young Peoples unions, held at the Twenty-third avenue Baptist church in Oakland Friday night.

Ninety-five per cent of the membership of the San Pablo Baptist young peoples union attended the Oakland meeting, under the leadership of President Lloyd McCausland. This was the largest representation of all the bay region churches, including San Francisco and Oakland, and entitles the San Pablo union to the banner for three months.

Meetings of the Bay Cities Unions are held every three months and are participated in by Baptist churches of every community around the bay. The San Pablo young people expect to be in the contest to retain the flag at the next meeting.

Lutherans Lose Volleyball Game

The Y. M. D. volleyball team still remains the only undefeated team in the Y. M. C. A. league, by virtue of its win over the Lutherans last night. The Y. M. D.'s took two straight games in a comparatively easy manner, the first being quite tight with a score at the end of 15 to 14, while the second was a walk away for the winners, 15 to 7.

Other games played last night resulted as follows:

Wanderers beat St. Edmund's 15-12 and 15-10; First Christians defeated Wesley M. E.'s 15-14 and 15-7. The Presbyterian-First Baptist contest was postponed on account of several of the Presbys being unable to be on the floor. The game will be played off at some later date.

The league standing is:

| Team | W. | L. | Pct. |
|------------------|----|----|-------|
| Y. M. D. | 4 | 0 | 1.000 |
| First Christians | 3 | 1 | .750 |
| Wanderers | 3 | 1 | .750 |
| Presbyterians | 2 | 1 | .667 |
| Wesley M. E. | 2 | 2 | .500 |
| St. Edmund's | 1 | 3 | .250 |
| First Baptists | 0 | 3 | .000 |
| Lutherans | 0 | 4 | .000 |

RAGS WANTED—Record-Herald

STROM TELLS COACH TYPE ADVANTAGES

One thousand cars a day—the biggest six cylinder business in the automobile industry—are now being built in the Hudson-Essex factories in Detroit, according to word received by J. P. Strom, Hudson-Essex dealer.

Ninety per cent of this immense business is in the popular Hudson-Essex coaches, it was declared. The coach type of body was originated by the Hudson organization three years ago, and this concern now has had the experience of building nearly a quarter of a million of them.

"This great volume of business

EASTER VISITOR HERE

Mrs. H. G. Stidham, whose residence is at 409 Santa Fe avenue, but who is a teacher in the schools of Lompoc, is in Richmond enjoying the Easter vacation.

which has brought Hudson-Essex in to an indisputable six cylinder leadership for the whole industry," said Mr. Strom, "has been a steady growth over the period in which the coach has been built. There probably has never been a single body type in the whole history of the business, which has had such a phenomenal success."

"The thinking motor car buyer must ask himself, what is behind this success. My opinion is that Hudson-Essex do not emphasize any one feature of their cars, but make every attempt to build in all-around value. The public asks for reliable transportation at the right standard of prices. Month after month it is this type of buying which has kept Hudson-Essex in a position of uninterrupted sales leadership and public demand."

The Record-Herald Invites Richmond Children and Their Parents to Spend Their Holidays at New Neptune Beach

Clip this coupon and enjoy the Easter Vacation at Beautiful Neptune Beach, Alameda. Coupons admit Parents and Children free and secure half rates on all concessions. As many coupons as may be required can be used. Clip several extra ones and take along all your friends. Make up parties and use coupons for the entire party. They will appear each day and are good until Saturday.

FRIDAY—BIG EASTER EGG HUNT—Easter Eggs for Everyone.

Exchange this coupon at gate of NEPTUNE BEACH for half-rate concession tickets.

The Same Car— The Same price— But Worth More

The intrinsic value is the same in two automobiles of the same make and model. The price is the same. But the worth of the car depends heavily upon where you buy it.

More than ever today the car owner needs the strong support of a responsible, permanently established dealer who has prepared himself to meet all the operating requirements of the car he sells.

On the salesroom floor a car is only a car. In the hands of its owner it is an automotive transportation unit whose efficiency depends much upon the attitude and responsibility of the man who sells it.

RUPP TO HEAD FINANCE AND LOAN COMPANY

Announcement is made by Mr. Joseph L. Reed, secretary of the Contra Costa Finance and Loan company, that P. G. Rupp of Kansas City, Missouri, but now a resident of Richmond, was elected to the Directorship of this newly organized company of Richmond.

Reed stated that the demand for loans for worthy purposes far exceeded the most sanguine expectations, and that it was surprising to all concerned how men and women are taking advantage of the friendly and helpful service extended. In many instances men and women made application for loans which the analysis proved went for no other purpose than to pay merchants and business men in the settlement of accounts.

"Our system," continued Reed, "is primarily a loan service based on character and earnings. By this we mean that you do not need to have collateral or property or business assets. The only requirement being a good reputation to be known among your friends as honest and dependable, with steady employment."

"We will not willingly," said Reed, "make a loan to any person upon terms that will handicap or cramp him, for our easy payment plan provides for monthly installments only as big as a man can easily carry. We offer a friendly and helpful service to those who are in financial difficulties."

Human Interest In Sunday Film At the Richmond

What a poor little boy of the New York streets did to get one insignificant flower in a big private park is one of the many human incidents in "Children of Dust," a First National picture, which comes today to the Richmond theatre. It was directed by Frank Borzage, the young director who made "Humoresque."

When the little orphan's mother dies, he goes out to get a flower for her. As he climbs the iron gates of Gramercy Park, the gruff old caretaker grabs him and beats him severely.

When Archer is imprisoned for the deed, the boy's forgiveness and sympathy arouses a love and remorse in the old chap's soul. After his release he takes the boy as his own.

The story is simple, but pulsates with life as it is really lived. The old man is played with fine sensibility by Bert Woodruff, while the boy is done by Frankie Lee and later by Johnnie Walker, Pauline Garon, Lloyd Hughes, George Nichols and others make up the all star cast.

Other features on the same program include "Stage Fright," an "Our Gang" comedy; "Kinograms," built like a newspaper.

HUDSON-ESSEX GROWTH RECORD IS PHENOMENAL

The March issue of Motor News shows that Hudson-Exsex, have gained 278 per cent in number of sales compared to the same month of 1924.

Motor News shows that Hudson-Exsex stands third on the list of monthly registration for the entire state.

Below is the registration as given by Motor News, March issue, 1925:

Fords, 4122.

Chevrollets, 1708.

Hudson-Exsex, 1219.

Buicks, 636.

Stars, 589.

Studebakers, 581.

Nash, 347.

Jewett, 271.

Hupmobile, 172.

The fact that the Hudson-Exsex have climbed to third position in the number of registrations is regarded as phenomenal in automobile circles.

The popularity of the Hudson-Exsex is best shown by the vast number of sales as given authentically in Motor News.

CIRCLE NO. 1 WILL GIVE TEA WEDNESDAY

Circle No. 1 of the Wesley Ladies Aid Society will hold a tea at the home of Mrs. Ethel Butler, 600 Ripley avenue on Wednesday afternoon, April 8, at 2 o'clock. There will be a program and refreshments and all members and friends are cordially invited to attend. Assisting Mrs. Butler will be Mrs. Barrett and Mrs. C. Brown.

WHIST PARTY OF ANNA SCHACH GREATLY ENJOYED

At the delightful and greatly enjoyed whist party conducted by Anna M. Schach at Musicians hall last night, prizes were awarded to Mrs. P. N. Niskall, P. N. Niskall, J. Lansman, Mrs. Pfeiffer, A. Tappan, Mrs. A. Ledebur, Mrs. E. H. Pitzer and Mrs. Ledebur was also awarded the door prize.

RAIN HALTS BASEBALL GAME

On account of the rainy weather that has been sweeping Richmond during the past week, Paul Huston, manager of the Pullman baseball club, has postponed the Pullman-Verette Giants, opening season game scheduled for this afternoon at the First street park. The opening date will be arranged later with all the ceremonies that were to have accompanied the game tomorrow.

TO ATTEND SCHOOL MEET

The state convention of high school and junior high schools to be held in Santa Barbara this week is to be attended by Principal B. N. Tucker of the Union high school and E. C. Schallenberger, principal of the Roosevelt Junior high school.

The Richmond schools, which closed for the spring vacation on Friday, will re-open on Monday, April 13.

Many Novelties in Vaudeville Bill At the California

The program of varieties for today at the popular California theatre is chockful of novelties with comedy always paramount.

The famous moving picture monkey "Little Napoleon," the man monkey, is considered by experts to be the most highly trained animal on the vaudeville stage and his auditors will no doubt concur with their judgment when they see this wonderfully trained performer. Napoleon rides a bike, skates, walks on stilts and parades a meal on the stage. Patrons can rest assured of one thing that certain there will always be something doing while "Nap" is on the stage.

Ella LeVail the dainty aerialist, with a routine of new and original stunts will give the bill a merry start. Ella is the epitome of grace and skill in the air and will no doubt be a big favorite.

A song and Dance novelty introduces the Mack-Long Trio, a couple of nifty male dancers and a peppy young miss. Several sailor dances are in keeping with the arrival of the fleet and their other numbers are the last word in simultaneous terpsichore.

The Evergreen Adolpho with his accordion, a new fund of stories, a repertoire of songs that are right up to the minute will be one of the outstanding features of the bill.

"Frolics at the North Pole," as indulged in by Ford and Hewitt consist of singing, dancing, and animal impersonations. Their antics will appeal to both young and old.

"East of Broadway" is today's screen feature.

"East of Broadway," from the story "Where is the Tropic of Cancer," by Richard Connell, has a great cast headed by Owen Moore, Marguerite de la Motte, Mary Carr, Eddie Gribbon and other well known screen players.

Other features on the same program include "Boneyard Blues," a fast, funny comedy; "Kinograms;" Carl Richards California orchestra; Larry Canelo at the mammoth organ.

Coming tomorrow, "Cheaper to Marry," with Lewis Stone, Conrad Nagel and Marguerite de la Motte.

GASOLINE STATION LEASED

John A. Miller, deputy county internal revenue collector, and Frank Wilson, manager of Winehaven, have secured a seven year lease from Captain R. A. Wells of the fire department on the gasoline service station that is to be erected at Tenth and Barrett avenue. The building will be started on Monday.

SPEEDERS TO BE JAILED

In the future jail sentences will be meted out to motorists who drive past the school grounds in excess of 15 miles per hour when children are leaving or entering the grounds, said Police Chief Dan Cox, who also said that beginning next Monday the state motor vehicle law in regard to the matter will be rigidly enforced.

SORE CHEST AND NERVOUSNESS

In an Oakland Court on January 29, 1925, hundreds of people heard the testimony of Mr. D. Abilair of Mr. D. Eden and of Mr. J. Duarte of San Francisco, both of whom had been called as witnesses in a case against Fong Wan by the Medical Board.

These men testified before the jury that the Fong Wan Herbs had permanently relieved both Sore Chest and Nervousness, and had made them strong and able to go back to work again. They claim that no other treatment has repeatedly been vindicated in court and proved to be an effective as the Fong Wan Herbs.

This testimony was given in the first trial of Fong Wan in the latest campaign of the Medical Board against the Chinese Herbalists about the Bay.

Local Society and Lodge Events

Community M. E. Society Adopts Year's Budget

A budget for the year's work was adopted at the meeting of the Community Methodist Missionary society held at the social hall Friday afternoon. By apportioning the budget it is planned to raise a certain amount of funds each month.

Thursday evening, April 23, was tentatively set as the date for a "Maggie and Jiggs" dinner of corned beef and cabbage, according to the decision reached.

Delegates to the annual State Missionary conference to be held from April 14 to 17 were selected as follows: Mrs. B. F. Betterton, Mrs. Lucy Silvas, and Mrs. M. H. Greenlee. Rev. Greenlee will transport the delegates by automobile.

At the meeting which was presided over by the newly elected president Mrs. B. F. Betterton, two new members and one associate member were enrolled, as well as much detailed business being accomplished.

It was decided to have the next meeting on Tuesday, April 21, as the state conference is to be held on the next regular meeting date, the third Friday. At that time the ladies will bring their lunch and work on articles for the coming bazaar. It is to be an all-day session and the morning will be devoted to Bible study and the afternoon to missions.

TRINITY GUILD HAS FOOD SALE

The bazaar of the ladies of Trinity Episcopal guild, held yesterday at 111 Washington avenue, turned out to be very successful in spite of the pouring rain, and a large crowd of interested patrons braved the storms and availed themselves of the opportunities of obtaining the beautiful fancy work, foods and candies that were on sale.

Mrs. W. A. Manke, Mrs. C. A. Troy and Mrs. L. Davis who were in direct charge of the affair, expressed their appreciation, on behalf of the other members of the guild, to the public for their patronage and to Mr. and Mrs. Elsie for their generous donation of the store-room in which the bazaar was held.

INFORMAL MUSICAL FOR PIANO PUPILS

At an informal musicale, at which decorations and refreshments were appropriate to the Easter season, Miss Ruth Hoskinson entertained her piano pupils at her studio, 533 Eighth street Friday evening.

The Easter prize was won by Eileen Baldwin in a contest in which several children of the same age participated for the best rendition of a Bach Prelude. Pupils having one or more numbers on the program were Harry Goddard, Paul Darrell, Esther Campbell, Mary Sullivan, James Rihn, Eunice Healey, Ruth Goddard, Barbara Moore, Esther Mallanni, Martin Crabb, Edith Tease, Halbert Glover, Helen Cookley, Ethel Borgstrom, Alexis Scott, Hilda Holm, Laurel Mason, Theodore Mallanni, Alma Julio, Enid Church, Eileen Baldwin and Julius Strauss.

SURPRISE PARTY HELD AT SAN FRANCISCO HOME

Several friends of Miss Violet DeWiss gathered at her home, 1040 Bsh street, San Francisco, last week in a delightful surprise party, which took the form of a farewell. Miss Dewiss is leaving for Phoenix, Arizona, within a few days where she will accept a fine position.

Those present at the party were Miss Hilda Faulstich, Amy Venning, Miss Macdonald, Katherine Wilkins, Miss Moore, Miss Rogers, Dorothy Borham, Miss Jackson, Violet DeWiss, Millicent Buttle, Miss Cowee, Genevieve Damsel, Irene Hildebrandt, Lucile Wilkins, Katherine Jost, Helen Fonda, Edna Faulstich, Katherine Buttle, Clara Ingham, Susan Moulton, Elsie Ingham, Ruth Hildebrandt and Emma Kohler.

BIBLE CLASS MEETS MONDAY AFTERNOON

The meeting day of the Bible class conducted every week by Rev. Oberholzer at the home of Mrs. Mary Shoemaker, 1024 Barrett avenue, has been changed from Thursday afternoon to Monday afternoon at 2:30 o'clock, and all members are requested to make note of this fact. Everyone interested is invited to come and bring their Bibles.

H. D. Baker of Fourteenth and Nevins has recently taken the delivery of a Studebaker Standard Six touring car from McCarthy and Rollins.

Better Homes Film Shown Here by Civic Center Club

Through permission of the General Federation of Women's Clubs, the California Theatre is showing an unusual reel this week. Its title is "Home Sweet Home," and indicates a telling of the story of the "Most Talked of House in America" but it goes still further and in the brief space of fifteen minutes it includes a story of the housing methods of mankind in different parts of the world.

The "Home Sweet Home" house, which was dedicated by President Harding just before his western trip, and has since become the centerpiece of the "Better Homes in America" movement, was built on the lawn near the White House, in commemoration of the 100th Anniversary of the writing of the famous song of that name by John Howard Payne. The original thatched cottage, home of Payne, stands on Long Island.

The General Federation of Women's Clubs conceived the idea of reproducing the original house of Payne, thoroughly modernizing the interior and furnishing it in the taste of the period as exemplified by the best interior decorators.

The beautiful reproduction of Payne's home has just recently been presented by Mrs. Coolidge and Mrs. Hoover to the Girl Scouts of America, as a national headquarters. It is daily visited and inspected by hundreds of visitors from all parts of the world who are interested in modern homes.

Burton Holmes is responsible for the foreign scenes and the art titles are from the same studios. It is all admirably done and is accompanied by specially prepared music. It is being shown here under the auspices of the Richmond Civic club, sponsors in this community for the "Better Homes Week."

MOTHER OF 15 AT 36

Mrs. Bernabe Lazaro, of 110 Coast avenue, who is only 36 years of age, gave birth to her fifteenth child thirteen of which are living, at the Richmond Maternity hospital several days ago. Dr. Delinger-Keser, who attended the happy mother, exacted no fee for services.

EASTERN STARS CONFERENCE INITIATORY DEGREE

The members of Beacon Chapter, No. 383, Order of the Eastern Star, gathered in Masonic hall last night to initiate a class of candidates. The rituals in connection with the initiation were performed by the regular staff of officers, headed by Worthy Matron Mrs. Florence F. Morgan, who also presided over the lodge session that immediately preceded the initiatory ceremonies.

Late in the evening, a delicious banquet was served under charge of Mrs. Carl Overaa who was aided by an able staff of assistants.

HILLSIDE CLUB MEETS AT C. L. ABBOTT HOME

The members of the Hillside club were delightfully entertained Friday afternoon at the home of Mrs. C. L. Abbott in the West Side. The afternoon was devoted to whist after the lovely luncheon was served and prizes were won by Mrs. J. H. Coleman, first; Mrs. James Allison, second; Mrs. F. O. Garrett, consolation. Marigolds were used effectively about the house. At the next meeting on Friday, April 17, Mrs. Allison is to act as hostess in her home on West Richmond avenue.

RICHMOND COUPLE WED IN BERKLEY

Miss Violet Vickery, popular Richmond girl, and Myron N. Piety, also of Richmond, were married at a quiet ceremony performed yesterday afternoon at the home of Rev. Paul Little in Berkeley. Only the immediate families of the happy couple witnessed the ceremonies. The new home will be made in Oakland. The bride, who is the daughter of Mr. and Mrs. W. A. Vickery, 144 Sixteenth street, is a graduate of the Richmond high school class of 1924. The bridegroom, whose family resides near Santa Rosa, is an assistant in the Standard Oil company laboratory here.

CLUB LEADERS TO DISCUSS PET SHOW

The Y. M. C. A. Boys' Club Leaders' Council will meet this afternoon at 2:30 o'clock at the home of Secretary A. W. Mueller, 231 Fourteenth street, on the call of Rev. M. H. Greenlee, president of the council. At the meeting the leaders will discuss the matter of the Hobby, Handicraft, and Pet show to be held at the Y. M. C. A. on April 17. The boys' summer camp on the Russian River will also be talked over at the session.

The honor banner for the month just past will be awarded to the club which showed the best record for the month.

PARTY IS HELD AT RICHMOND CLUBHOUSE

The Richmond clubhouse was the scene last night of a delightful party at which Mrs. C. Baughman, Mrs. E. C. Heyde, Mrs. C. Solomen, Mrs. M. C. Kelly acted as hostesses to a number of their friends. Games, dancing and cards amused the guests during the evening and dainty refreshments were served at a late hour. The music for the dancers, as well as for the non-dancers was furnished by Mr. and Mrs. D. Bates and Mr. Lens.

Spending the evening at the party were Mr. and Mrs. Housman, Mr. and Mrs. Lens, Mr. and Mrs. Housman, Mr. and Mrs. D. Bates, Mr. and Mrs. J. Bates, Mr. and Mrs. R. Grice, Mr. and Mrs. F. Nunn, Mrs. Norchott, Mrs. Grondyke, Miss Carlon, Miss Shean, Miss Bennett, C. A. Anglin and Mr. Lens.

WESLEY LADIES FOOD SALE HUGE SUCCESS

The bad weather yesterday did not seem to hamper the success of the food sale held by Circle No. 1 and 2 of the Wesley Ladies Aid society, held at Fischer's Seventh Street Market. Mrs. W. F. Downing was chairman of the committee in charge and she announced that the affair was a big success and that all the foodstuffs were disposed of in a very short time after the doors opened.

MULKEY MATTRESS CO.

E. 12th Street at 6th Avenue—Oakland

Complete Sleep Service

Write us or Phone Merritt 240

True enough it requires but little attention to keep a mattress in a restful and sanitary condition for years. BUT—if neglected it can become a source of discomfort, annoyance, and even attack of robust health itself. Mulkey's service is to keep you well by keeping your bed comfortable and warm. Let our factory serve you direct.

We have a representative in Richmond every day. Buy a new Mulkey mattress or let us make over your mattresses that have become thin, hard and uncomfortable.

Your Credit Is Good
